

Acceptable

Two lights or LEDs, apart, but still close
Round shown, square would be the same

Two lights or LEDs that touch
One assembly with two adjacent lights
Square shown, round would be the same

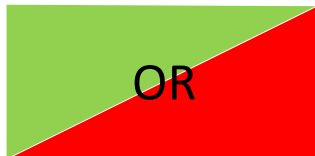

Example of above
(each light is independent)

Not Acceptable

Array of lights or LEDs, intermingled

One light or LED, that changes between red and green

Two lights or LEDs that are
Behind one lens
Apart, or that touch

Note: "Light" or "LED" may mean one or more elements
