Contents

PCBs.....	2
1. CANaMons PCB	3
2. LVD PCB.....	4
3. Precharge PCB.....	5
4. HIP PCB.....	6
5. TSAL Discharge PCB.....	7
Datasheets	8
1. 4N35 Optocoupler	9
2. SPAN02-12 DC-DC Converter	10
3. SPAN02-5 DC-DC Converter	11
4. DBT71210 Discharge Relay	12
5. TLP3543 Photorelay	13
6. TJA1052i Isolated CAN Transceiver.....	14
7. G7L-X Power Relay	15

PCBs

This section outlines what PCBs and components that have and require HV/LV separation.

1. CANaMons PCB

3. Precharge PCB

4. HIP PCB

TSAL DISCHARGE PCB

TSAL DISCHARGE PCB

5. TSAL Discharge PCB

Datasheets

For components with HV/LV separation

1. 4N35 Optocoupler

2. SPAN02-12 DC-DC Converter

3. SPAN02-5 DC-DC Converter

4. DBT71210 Discharge Relay

5. TLP3543 Photorelay

6. TJA1052i Isolated CAN Transciever

7. G7L-X Power Relay
